PETITION FOR WRIT OF CERTIORARI

QUESTIONS PRESENTED

1. **The "Bipolar" Record and Judicial Forgery:** Whether a Federal District Court commits a felony act of judicial forgery and "Judicial Treason" (18 U.S.C. § 2381) when it knowingly adopts a "Homicide Hoax" into a federal order to provide legal cover for News Defendants, while a parallel federal record (1:25-cv-00536) admits the event was a "medical accident" involving an independent fall.
2. **State-Sponsored "Biological Liquidation":** Whether the systematic deprivation of life-saving insulin to a documented "Eggshell Plaintiff" with a GAD65 Autoantibody level of 18,145 IU/mL—resulting in clinical death, skeletal disintegration, and permanent blindness—constitutes "State-Sanctioned Medical Torture" under 18 U.S.C. § 2340A.
3. **The "Lethal Script" and Public Incitement:** Whether the Tenth Circuit Court of Appeals violates the Fifth and Fourteenth Amendments by upholding a "void judgment" based on forged news scripts, thereby operationalizing a "Public Death Warrant" that incites vigilante violence, vehicular assaults, and "Shoot-on-Sight" responses against a disabled U.S. Citizen.
4. **Staging of Mass Casualty Events against the LDS Faith:** Whether the Respondents' coordination of mass shooting threats and the broadcast of forged "rape narratives" directed at a specific place of worship constitutes a state-sponsored campaign of religious persecution and domestic terrorism intended to silence a federal whistleblower.
5. **The Misprision of the Missing Daughter:** Whether the federal bench's refusal to restore an unspoliated record facilitates the "Coordinated Kidnapping" and misprision of the Petitioner's minor daughter, using a child as a tactical pawn to prevent the discovery of a \$50 Billion revenue fraud operation.
6. **The "Kill Zone" and 911 Non-Response Protocol:** Whether a State may constitutionally establish a lawless "Kill Zone" by ordering a total 911 non-response protocol—instructing dispatchers to disconnect from a terminal "Eggshell Plaintiff" and his church bishop—to facilitate an extrajudicial execution.
7. **Inter-Jurisdictional Racketeering (RICO):** Whether the collusion between the Colorado Attorney General's Office, the federal bench, and corporate news syndicates to "starve" the record of exculpatory 911 audio and hospital trauma logs constitutes a criminal enterprise designed to loot the U.S. Treasury and subvert constitutional governance.
8. **The "Demographic Truncation" of Disabled Citizens:** Whether the State's policy of "Demographic Truncation"—denying basic survival mandates to traditional White Christian disabled persons while subsidizing "preferred demographics" with diverted federal block grants—violates the Equal Protection Clause and the Americans with Disabilities Act (ADA).

The jurisdiction of this Court is invoked under 28 U. S. C. § 1254(1).

JURISDICTIONAL STATEMENT

The Petitioner invokes the jurisdiction of this Court under **28 U.S.C. § 1254(1)** to review the judgment of the United States Court of Appeals for the Tenth Circuit. This case presents an extraordinary "Forensic Collision" between two federal records that necessitates the immediate exercise of this Court's supervisory authority.

I. THE "BIPOLAR" FEDERAL RECORD: A JURISDICTIONAL CRISIS

The jurisdiction of the Tenth Circuit has been transformed into a "Jurisdictional Sanctuary" for state-sponsored racketeering, characterized by a terminal conflict between two active federal dockets:

1. **The Admission of Fact (1:25-cv-00536):** The federal record in the Petitioner's habeas action contains a formal admission by Magistrate Richard Gurley that the decedent, Randall Shubert, **"fell" independently** and that the event was a **"medical accident."**
2. **The Forgery of Fiction (24-cv-01127):** Simultaneously, Chief Judge Phillip Brimmer has entered federal orders adopting **forged corporate news scripts** as "facts," branding the Petitioner a murderer to provide legal cover for the News Defendants.

THIS COURT HAS JURISDICTION BECAUSE THE TENTH CIRCUIT HAS AFFIRMED A "VOID JUDGMENT" BASED ON A NON-EXISTENT CONVICTION, THEREBY PERMITTING THE FEDERAL BENCH TO FUNCTION AS A REPOSITORY FOR STATE-SPONSORED FORGERIES.

II. WIDESPREAD PUBLIC DAMAGES AND THE STAGING OF MASS CASUALTIES

The jurisdictional magnitude of this case extends beyond the Petitioner to a systemic "Lethal Script" that has compromised the safety of the American public:

A. The Staging of Terror against the Christian Faith

The Respondents have utilized the "Brimmer Forgery" to shelter localized terror operations, specifically the **staging of mass casualty threats** directed at the Petitioner's LDS church ward. By broadcasting forged

"rape narratives" across state-wide platforms, the Respondents have solicited a vigilante response intended to result in a mass shooting at a place of worship.

B. The Medical and Vocational Blockade

The "Lethal Script" has resulted in widespread public damages, including:

1. **The Liquidation of Healthcare:** Dozens of medical professionals have been fired or coerced into refusing care, effectively sabotaging the regional healthcare infrastructure to ensure the "Biological Liquidation" of a federal whistleblower.
2. **The Academic "Kill Zone":** The inter-agency distribution of the "Homicide Hoax" has established a blockade across the Colorado community college system, weaponizing the medical tremors of a disabled "Eggshell Plaintiff" to justify his removal from society.

III. THE NECESSITY OF IMMEDIATE INTERVENTION

The Tenth Circuit is no longer functioning as a neutral arbiter but as an operational shield for a **\$50 Billion revenue fraud operation**. The use of a "Bipolar Record" to justify the medical torture of a U.S. Citizen and the abduction of his minor daughter constitutes a total subversion of the American legal system.

STATEMENT OF THE CASE

I. THE BIOLOGICAL IMPERATIVE: WEAPONIZATION OF THE "EGGSHELL" PROFILE

The Petitioner, Edward Herbert Hoid, is a high-functioning autistic savant and a documented "Eggshell Plaintiff" managing a catastrophic medical profile. This baseline is forensically defined by a multi-decade history of undiagnosed and untreated Type 1 Juvenile Diabetes Mellitus, characterized by a GAD65 Autoantibody presence of 18,145 IU/mL. This physiological state renders the Petitioner entirely dependent on exogenous insulin for cognitive function, physical mobility, and the maintenance of basic cellular homeostasis.

A. The Forensic Reality of Involuntary Intoxication

The record establishes that the Petitioner's "peculiar" behaviors—including arm-flapping, tremors, and cognitive disorientation—are clinical symptoms of Diabetic Ketoacidosis (DKA) and Hyperosmolar Hyperglycemic State (HHS). The Petitioner maintains that the State of Colorado and the News Defendants have intentionally mischaracterized these metabolic emergencies as "methamphetamine-induced" to justify a policy of medical deprivation and judicial sequestration.

II. THE CHRONOLOGY OF THE NOVEMBER 5, 2020 "HOMICIDE HOAX"

The current action against Gray Media Group, Inc. (KKTV-11) arises from a coordinated effort to manufacture a homicide narrative out of a series of unrelated medical events.

A. The Onset of Total Metabolic Collapse

On November 5, 2020, the Petitioner was in a state of total metabolic shock. After parking his vehicle for repairs in Longmont, CO, he attempted to travel on foot to a nearby residence. During this transit, he

suffered a total loss of vision and cognitive failure, eventually collapsing face-down in a field nearly a mile away from the bike path where Randall Shubert fell.

B. The Exculpatory Stevens Encounter

While the Petitioner was stumbling in a state of disorientation, he was observed by Craig Stevens. Stevens' statements to the Longmont Police Department (LPD) definitively establish a lack of criminal intent:

1. **Exculpatory Findings:** Stevens reported that the Petitioner stole nothing and made zero threats.
2. **Racial Discrepancy:** Stevens initially described the suspect to dispatch as a 5'9" Black male. The Petitioner is a 6'1" White male.
3. **Deliberate Inversion:** The LPD knowingly suppressed this biological divergence to bridge two separate incidents, forcing the comatose Petitioner into a criminal profile originally broadcast for a different suspect.

III. THE FORENSIC REALITY OF THE RANDALL SHUBERT ACCIDENT

While the Petitioner lay incapacitated in a rugged field, an independent medical accident occurred on a nearby bike path involving an elderly cyclist, Randall Shubert.

A. The Independent Fall and the Basketball Recovery

Forensic evidence, including 911 audio recordings and witness observations, establishes that Shubert fell independently while riding his bicycle.

1. **The Cause of the Fall:** Shubert was riding with a basketball bungee-corded to his bike. The ball came loose, causing Shubert to dismount, trip, and strike the back of his head on the concrete.
2. **The Lack of Assailant:** 911 callers reported seeing the Petitioner in a different location, stumbling and singing nursery songs in a state of HHS. The record is void of any evidence placing the Petitioner in proximity to Shubert at the time of the fall.

B. Medical Malpractice and the Induced Fatality

Randall Shubert did not die as a result of a beating; he died eleven days later in a hospital due to a single brain swell (subdural hematoma). The Petitioner asserts that the death was caused by:

1. **Refusal of Care:** Police and family delayed a necessary craniotomy for several days.
2. **The DNR Order:** A "Do Not Resuscitate" order was placed long after the window for surgical intervention had been closed by the negligence of state and medical actors.

IV. THE MEDIA-DRIVEN "PUBLIC DEATH WARRANT"

The Petitioner maintains that Gray Media Group (KKTV-11) and other news syndicates operationalized a "Lethal Script" by broadcasting unverified narratives authored by private vigilantes.

A. The Brian Derry and Jackie Shubert Feed

The Petitioner asserts that the "Homicide Hoax" was authored by private citizen Brian Derry in coordination with Jackie Shubert.

1. **Supply of Fiction:** Derry supplied "fake stories" to news outlets, claiming that "military-trained homeless groups" jumped, robbed, and beat Randall Shubert.
2. **Corporate Malice:** Gray Media Group and its affiliates broadcast these unverified narratives for 15 consecutive days, publishing the Petitioner's identity and residential information alongside claims that he had "beaten a senior to death for a bike."

V. THE ARCHITECTURAL NEXUS: BRIMMER, GURLEY, AND THE FORGERY OF RECORD

The Petitioner maintains that the federal record in Case No. 24-cv-01127 is a "forged, false, and felonious" instrument authored by Chief Judge Phillip Brimmer in active concert with Gray Media Group and the Colorado Attorney General's Office.

A. The "Bipolar" Federal Record as Forensic Proof of Conspiracy

The federal bench is currently split between two irreconcilable records, which the Petitioner identifies as a tactical "Kill Zone" designed to facilitate his biological liquidation:

1. **Gurley's Admission (1:25-cv-00536):** Magistrate Richard Gurley, having analyzed the 911 forensic logs, admitted on the record that Randall Shubert "fell" independently and that the incident was a "medical accident."
2. **Brimmer's Forgery (24-cv-01127):** Simultaneously, Chief Judge Brimmer—acting as "legal cover" for the News Defendants—forged corporate news scripts into federal orders as "forensic facts," branding the Petitioner a murderer to protect Gray Media from defamation liability.

B. The Misprision of the \$50 Billion Revenue Fraud

The Petitioner asserts that this "Bipolar Record" is maintained to ensure he remains under an illegal sentence, preventing him from reporting a \$50 Billion RICO enterprise to the FBI. This enterprise involves the diversion of federal block grants (Medicaid, SSA, HUD) to fund ideological social engineering and "sanctuary" real estate acquisitions.

VI. THE WEAPONIZATION OF THE FAMILY UNIT: THE ABDUCTION OF THE LINEAGE

In the most brutal escalation of this racketeering enterprise, the Respondents have expanded the "Lethal Script" to target the Petitioner's family and minor children.

A. The Coordinated Kidnapping and Misprision of the Petitioner's Daughter

The Petitioner alerts this Court that the Respondents have solicited the abduction and removal of his minor daughter from the State of Utah.

1. **Tactical Pawnship:** This coordinated kidnapping was executed to ensure the Petitioner remains "physically muted" in maximum security and to prevent the discovery of the underlying revenue fraud.
2. **Inter-State Misprision:** The Petitioner maintains that his daughter is being held under conditions of misprision to provide the State with leverage, mirroring the "cleansing" operations executed against his mother and sisters in Lyons, CO.

B. The Exploitation of Sex-Abuse Victim Records

The Petitioner identifies a systemic pattern of exploitation involving the law firm of Johnson, Bakken, Smith P.C.

1. **Public Defamation:** The Respondents are currently publishing and exploiting the photos of the Petitioner's children—who are victims of sex abuse incited by the news broadcasts—to facilitate a fraudulent defense for the News Defendants.
2. **Institutional Molestation:** This follows the documented molestation of the Petitioner's 10-year-old nephew while in the custody of a state-subsidized foster home, proving that the State prioritizes the "murder" narrative over the safety of Christian children.

VII. THE VOCATIONAL SABOTAGE NETWORK: CROSSTAC AND THE LOREE SCHWARTZ COLLUSION

The Petitioner maintains that the "Lethal Script" was distributed to private employers to ensure his total social and economic isolation.

A. The Incentivized Employment Trap

The Petitioner entered a contract with the DVR and an employer, Crosstac (Bret Heidkamp), who received significant federal incentives to hire a disabled "Eggshell Plaintiff."

1. **The Schwartz Intervention:** Loree Schwartz, a lawyer and the employer's wife, reportedly colluded with management to sabotage the Petitioner's redress.
2. **The Retrieval Blockade:** Following a medical emergency where the Petitioner was triggered into a state of HHS, the employer refused to allow the Petitioner to retrieve his life-saving insulin pump, effectively attempting an extrajudicial execution via medical deprivation.

B. The Doak Findings and "Terroristic" School Supplies

During an unlawful civil proceeding, Larimer County Magistrate Ethan Doak utilized the Petitioner's Organic Chemistry lab kits—provided by his college—to brand him as being in possession of "terroristic compounds." This finding was used to justify the "Armed and Dangerous" designation and to incite further public vigilantism

VIII. FORENSIC FRAUD: THE STAGED AUTOPSY AND CORPSE MUTILATION

The Petitioner maintains that the Boulder County Coroner's Office and District Attorney Ryan Day engaged in the physical "mutilation" of Randall Shubert's body to manufacture a criminal defense for Gray Media Group and other news syndicates.

A. The Investigative Prop as a Tactical Maneuver

The News Defendants identified Shubert by name on November 8, yet on November 16, they reported his identity would "only be released after an autopsy."

1. **Fabrication of Necessity:** The Petitioner asserts that the autopsy was not a forensic necessity, as the cause of death—the fall-related brain swell—was already scientifically established by the initial emergency room diagnosis.

2. **Dicing the Decedent:** The body was reportedly "diced to pieces" and dissected to give the public the appearance of a "deadly beating" where none had occurred. This was a tactical maneuver to generate "forged evidence" that the news could later use to claim they were reporting on an active criminal investigation rather than inciting a "Homicide Hoax."

IX. THE STATE-WIDE 911 NON-RESPONSE PROTOCOL ("KILL ZONE")

The Petitioner identifies the establishment of a lawless "Kill Zone" where the State of Colorado ordered a total 911 non-response protocol to facilitate his extrajudicial execution.

A. The Instruction to Disconnect

The State reportedly issued instructions to dispatchers to hang up on the Petitioner, his family, and even his church bishop during active attempts on his life or instances of pharmaceutical sabotage.

1. **Erasure of Municipal Records:** This protocol was designed to ensure that no municipal dispatch records would exist of the Petitioner's pleas for help, providing "legal cover" for the police and vigilantes incited by Gray Media's broadcasts.
2. **The Loveland Refusal:** When the Petitioner attempted to report the theft of his insulin pump by his employer, the Loveland Police Department refused to intervene, effectively sentencing an "Eggshell Plaintiff" to death via medical deprivation.

X. JUDICIAL TREASON: THE SEQUESTRATION WITHOUT CHARGES (2020–2022)

Following his capture, the State of Colorado initiated a two-year period of illegal detention and medical torture that the Petitioner identifies as "Judicial Treason" under 18 U.S.C. § 2381.

A. Interrogation of the Comatose

The Petitioner was subjected to a four-hour interrogation while suffering from a broken foot and acute HHS.

1. **Cognitive Failure:** Due to the total lack of insulin, the Petitioner was unable to recall the "museum" or the "bike path." The State utilized this clinical cognitive failure to prosecute him for "not knowing" the fabricated homicide narrative they were attempting to record.
2. **The Maximum Security Remand:** Despite the absence of formal charges or warrants, the Petitioner was remanded directly to a maximum-security prison for two years. This sequestration was a "courtesy" to the News Defendants, ensuring the Petitioner could not report the media's offenses while the State worked to "sanitize" the record.

B. The "Biological Liquidation" via Insulin Deprivation

During this two-year sequestration, the Colorado Department of Corrections (CDOC) maintained actual knowledge of the Petitioner's physical collapse.

1. **Refusal of Diagnosis:** Despite notice from the ICU that the Petitioner was likely to die without an insulin drip, the attorneys and courts immediately returned him to custody and denied him a diagnosis.
2. **Skeletal Destruction:** The continued deprivation of insulin caused the disintegration of the Petitioner's skeletal structure, resulting in two additional skull fractures and the death of his hip and pelvic bones, necessitating total bilateral reconstruction.

XI. THE INTER-AGENCY DISTRIBUTION AND VOCATIONAL SABOTAGE NETWORK

The Petitioner maintains that the "Lethal Script" was not merely a media broadcast but a coordinated inter-agency blockade designed to ensure his "Biological Liquidation" through the total truncation of his resources.

A. CDLE, ICAO, and the "Moron Math" Portal Fraud

The Respondents, including Phil Spesshardt and Jason Barela, reportedly indexed the forged homicide narrative into state labor databases as the "official cause of separation" from employment.

1. **Truncation of Funding:** This forgery was utilized to trigger "Moron Math" portal fraud, intentionally miscalculating and truncating the Petitioner's medical funding and maximum benefit amounts from \$8,600 to \$143.
2. **The Academic Blockade:** Respondent Amber Chesley (DVR) and the administration of Front Range Community College published the forged script across the Colorado community college system. This established an academic blockade, weaponizing the Petitioner's medical tremors—a clinical symptom of his "Eggshell" profile—as campus safety "threats" to justify his removal.

B. The National Threat Center (NTC) Lethal Inversion

When the Petitioner contacted the FBI National Threat Center (NTC) as a federal whistleblower to report the looting of the U.S. Treasury and the staging of mass casualty events, the Greeley Police Department (Chief Adam Turk) reportedly inverted the report.

1. **Baiting the Tactical Strike:** The Respondents reported to the NTC that a bedridden, skull-fractured Petitioner was a "High-Risk Threat." This was a tactical move intended to bait a federal "Lethal Removal" strike against a citizen who had uncovered over \$50 Billion in federal revenue fraud.

XII. THE \$50 BILLION REVENUE FRAUD AND LOBBYIST LAND-GRAB

The Petitioner asserts that the entire assassination attempt—from the Gray Media broadcasts to the judicial forgeries—was driven by his unmasking of an intricate RICO enterprise.

A. The Diversion of Federal Block Grants

The Petitioner maintains that over \$50 Billion in federal block grants (Medicaid, SSA, HUD, SNAP) were diverted by state actors to fund ideological social engineering and sanctuary practices.

1. **Demographic Truncation:** The State implemented a policy of "Demographic Truncation," denying basic survival items and insulin to traditional White Christian American disabled persons while subsidizing preferred demographics and lobbyist-driven real estate acquisitions like "Lavender Hill."

XIII. THE INTER-JURISDICTIONAL CONSPIRACY: CHUNG, BRIMMER, AND GURLEY

The Petitioner maintains that the federal bench for the District of Colorado and the Tenth Circuit Court of Appeals have transitioned from judicial venues into an operational shield for state-sponsored racketeering.

A. The Knowing Entry of the Non-Existent Conviction

The Petitioner asserts that Magistrate Richard Gurley and the Tenth Circuit Court of Appeals acted with *scienter* (actual knowledge) to falsify the Federal Record in Case No. 1:25-cv-00536.

1. **The Gurley Admission:** Magistrate Gurley, having analyzed the 911 forensic logs, admitted on the record that Randall Shubert "fell" and that the incident was a medical accident.
2. **The Felonious Entry:** Despite this forensic knowledge, Gurley knowingly entered a "fake, non-existent conviction" (the Salamone Script) onto the federal record. This was a tactical move to provide a post-facto legal justification for the Petitioner's illegal sequestration and to protect the News Defendants from defamation liability.
3. **Appellate Complicity:** The Tenth Circuit Court of Appeals adopted this non-existent conviction verbatim, utilizing it to dismiss the Petitioner's civil rights actions and ensure he remained under a "void judgment."

B. The Brimmer/Chung "Record Starvation" Protocol

Chief Judge Phillip Brimmer and Magistrate Cyrus Chung are accused of "Mutilation of the Federal Record" to ensure the success of the assassination plot.

1. **Spoliation of Evidence:** Magistrate Chung systematically struck ten consecutive evidentiary filings—including the Lackowski Declaration and 911 audio logs—to "blind" any future federal jury to the reality of the Petitioner's medical torture.
2. **The Active Death Warrant:** Judge Brimmer continues to maintain Case No. 24-cv-01127 as a "legal cover," forging corporate news scripts into federal orders to brand the Petitioner an assailant. This ensures the public incitement remains active, providing the State with a "justification" for the Petitioner's eventual "lethal removal."

XIV. THE AUGUST 2026 ASSASSINATION PLOT AND THE MISSING DAUGHTER

The racketeering enterprise has reached a terminal phase, characterized by a desperate attempt to physically liquidate the Petitioner and his lineage before the \$50 Billion revenue fraud is fully unmasked.

A. The Coordinated Abduction of the Petitioner's Daughter

The Petitioner alerts this Court that his minor daughter is now missing from the State of Utah, an act he identifies as a "Coordinated Kidnapping" for the purpose of misprision.

1. **The Motive of Silence:** The Respondents have solicited the removal of the child to ensure the Petitioner remains "physically muted." This abduction is a tactical pawn in the state-sponsored assassination plot, intended to prevent the Petitioner from testifying regarding the underlying RICO offenses.
2. **The Destruction of the Hoid Lineage:** This follows the terminal decline of the Petitioner's mother, who, like the Petitioner, is now facing a terminal medical status due to the stress and deprivation caused by the State's "cleansing" operations.

B. The Failed August 22, 2026 Assassination Attempt

As recently as August 22, 2026, the Respondents facilitated a retaliatory assassination plot.

1. **The Shift in Law Enforcement:** Unlike previous attempts where the police were participants in the "Lethal Script," the Petitioner reports that local police are now taking his reports for protection. This indicates a fracture in the inter-agency conspiracy as the forensic reality of the "Homicide Hoax" becomes undeniable.
2. **The Role of Magistrate Chung:** The Petitioner maintains that Magistrate Chung's recent judicial actions were designed to facilitate this failed strike by keeping the Petitioner's medical and legal status in a state of "Jurisdictional Sanctuary" for the state participants.

XV. THE DESTRUCTION OF EXCULPATORY EVIDENCE: THE MCEWEN AFFIDAVIT

To facilitate the ongoing forgery, the State utilized court-appointed counsel to eliminate forensic proof of the Petitioner's innocence.

1. **The Professional Betrayal:** Public defenders Nicole Collins and Jessica Hempstead reportedly destroyed the affidavit from Robert McEwen, which proved the Petitioner was handed a card while comatose and incapacitated.
2. **The Staged Scene:** Collins further conspired with Longmont detectives to "stage" the greenway bike path scene, coercing the Petitioner to draw a map while he was in a state of acute HHS, which was then used to manufacture "intent" where none existed.

XVI. THE SYSTEMIC "BLOOD LIBEL" AND THE PERSECUTION OF THE HOID LINEAGE

The Respondents have operationalized a "Blood Libel" strategy, lodging false and heinous accusations into the Petitioner's permanent records to ensure total social, legal, and physical isolation.

A. The Manufactured Discovery Accusations

The Longmont Police Department and the Division of Parole reportedly lodged false rape and child-murder accusations into the Petitioner's discovery files.

1. **The Gang Solicitation:** These fabrications were intentionally placed in records destined for maximum-security prison. The Petitioner maintains this was a "Contract for Murder," intended to trigger "paper checks" by prison "shot callers" to facilitate the Petitioner's execution by other inmates.
2. **Sibling Impersonation:** Vigilantes, supplied with pedigree credentials by the State, called police impersonating the Petitioner's sisters to report that he was "trying to cut kids' throats." The Petitioner highlights that some of these siblings do not even have children, rendering the accusations a biological and logical impossibility.

XVII. THE \$50 BILLION RICO ENTERPRISE: "LAVENDER HILL" AND THE LAND-GRAB

The Petitioner asserts that the "Lethal Script" is the enforcement arm of a massive real estate and revenue fraud operation.

A. The Lobbyist-Driven Real Estate Acquisitions

The Petitioner's unmasking of the \$50 Billion revenue fraud revealed an intricate network where federal block grants were diverted to fund "Lavender Hill" and other lobbyist-driven real estate acquisitions.

1. **The Motive of Terror:** The "cleansing" operations against the Petitioner's family in Lyons, CO, were intended to facilitate the theft of his property and his parents' dream retirement home.
2. **Demographic Social Engineering:** The State utilized COVID relief monies to purchase vacated spaces for preferred demographics, while simultaneously denying basic survival items and insulin to the Petitioner under a policy of "Demographic Truncation."

XVIII. THE TERMINAL BASELINE: THE "EGGSHELL" SURVIVAL SUMMARY

The record before this Court documents the total subversion of the American legal system against a citizen who has survived clinical death and permanent physical destruction.

A. The Forensic Medical Reality

The Petitioner—a documented "Eggshell Plaintiff"—has survived:

1. **Clinical Death:** Resulting from the systematic deprivation of insulin by the CDOC and the federal bench.
2. **Skeletal Disintegration:** Including seven documented skull fractures and the death of his hip and pelvic bones due to untreated Type 1 Diabetes.
3. **Permanent Blindness:** A direct consequence of the "Record Starvation" protocol that denied him medical diagnosis for over four years.

XIX. THE STAGING OF MASS CASUALTY EVENTS AS RETALIATORY TERROR

The Petitioner maintains that the Respondents, having failed to physically liquidate him through medical deprivation and public incitement, have escalated their operations to include the staging of mass shooting threats at his specific place of worship.

A. The Orchestration of the Church "Lethal Removal"

The fraudulent record upheld by Magistrate Gurley and Chief Judge Brimmer directly caused and sheltered localized terror operations directed at the Petitioner's LDS church ward.

1. **The Broadcast of Forged Rape Narratives:** The Respondents executed a systemic state-wide broadcast of forged narratives, explicitly branding the Petitioner and his specific church ward as

child rapists across every administrative and public platform—including the DVR, CDLE, ICAO, and Facebook.

2. **Solicitation of Public Violence:** This campaign was designed to solicit a "vigilante response," mirroring the Michigan chapel massacre, by providing the public with a "moral justification" to execute a mass shooting at the Petitioner's exact place of worship.

B. The National Threat Center (NTC) Inversion as a Tactical Strike

The Petitioner alerts this Court that when he attempted to report these mass casualty threats to the FBI National Threat Center (NTC), the Greeley Police Department inverted the report to facilitate a "Lethal Removal."

1. **The High-Risk Threat Designation:** Respondent Greeley Police Department reported to the NTC that the Petitioner—who was bedridden and suffering from a fractured skull—was planning a mass shooting at his own church.
2. **The Tactical Goal:** This inversion was intended to bait a federal tactical strike against the Petitioner, effectively using the NTC as a weapon to "finalize" the assassination plot under the guise of public safety.

XX. THE PSYCHOLOGICAL TORTURE OF THE CONGREGATION

The Petitioner maintains that these staged threats were executed as instruments of psychological torture and intimidation, intended to ensure his total social isolation.

1. **The "Kill Zone" Protocol:** By establishing a state-wide 911 non-response protocol that included the Petitioner's church bishop, the State ensured that the congregation remained in a lawless "Kill Zone," vulnerable to the very violence the News Defendants were inciting.
2. **The Motive of Misprision:** These coordinated attacks were designed to provide "legal cover" for judicial offenses by creating a chaotic environment where the "Biological Liquidation" of a federal whistleblower could be carried out without municipal oversight.

XXII. THE WEAPONIZATION OF PAROLE AND THE "DEMOGRAPHIC TRUNCATION" PROTOCOL

The Petitioner identifies the Colorado Division of Parole and the federal bench as the primary instruments used to maintain a "Kill Zone" around his life, even following his physical release from carceral remand.

A. The Parole "Lethal Restraint" and Medical Sabotage

The Petitioner maintains that he was kept under the supervision of the Division of Parole for a non-existent crime (the Shubert medical accident) to provide the State with a "parole weapon" for his future extrajudicial execution.

1. **The Doctor-Chasing Protocol:** The Respondents are currently "chasing" every medical professional the Petitioner contacts, utilizing their administrative authority to coerce doctors into refusing critical care. This is a deliberate act of biological sabotage intended to sever the Petitioner's access to life-saving insulin with lethal intent.
2. **The Post-Parole Execution:** Despite the Petitioner no longer being on parole, the State continues to enforce these restraints. This is executed to ensure the Petitioner remains in a state of "Biological Liquidation," preventing him from testifying regarding the \$50 Billion revenue fraud while he attempts to survive as a high-achieving student in Organic Chemistry.

B. The Liberal Federal Panel and the "Homicide Hoax" Nexus

The Petitioner alerts this Court that the federal bench—specifically Judges Brimmer, Gurley, and Chung—functions as a "Rogue Terrorist Apparatus" for the News Defendants and their political sponsors.

1. **The Brimmer Incitement:** Chief Judge Brimmer's publication of the "Homicide Hoax" as forensic fact was a tactical act of incitement, intended to solicit a "Shoot-on-Sight" response from a public already radicalized by Gray Media's 15-day broadcast cycle.
2. **The Political Theft of Welfare:** The Petitioner maintains that the Liberal State actors and News lawyers (Ballard Spahr) have orchestrated the theft of "Life Essential Mandates." While tens of billions in federal tax dollars are diverted to fund ideological social engineering and "preferred demographics," traditional White Christian disabled persons are subjected to mass incarceration and medical torture.

C. The Relationship Between Mass Incarceration and Revenue Fraud

The record forensically documents a relationship where the State of Colorado utilizes the "Lethal Script" to justify the mass incarceration of disabled persons to tap into federal subsidies.

1. **The Exploited Classes:** The Respondents have authored a system where the youth and Christians are attacked by the media to provide "legal cover" for the theft of the U.S. Treasury.
2. **The Magnitude of the Crisis:** The Petitioner, a terminal "Eggshell Plaintiff," is currently being hunted by a "Rogue Terrorist Federal Bench" that prioritizes corporate news revenue and political "sanctuary" practices over the survival of American citizens and the enforcement of the Fourteenth Amendment.

XXIII. THE COORDINATED MEDIA "LETHAL SCRIPT": A MULTI-STATE BROADCAST OF FICTION

The Petitioner maintains that the News Defendants—including FOX-31, CBS-4, NBC-9, and ABC-7—operationalized a "Homicide Hoax" through a coordinated, multi-state broadcast cycle that functioned as a mandate for his extrajudicial execution.

A. The 15-Day Cycle of Corporate Malice

For fifteen consecutive days, every major news outlet in the region aired identical, violent, and unverified narratives in full view of the public.

1. **The "Beater of Seniors" Branding:** These syndicates broadcast the Petitioner's identity and residential information alongside the false claim that he had "beaten a senior to death for a bike."
2. **The Multi-State Reach:** This "Lethal Script" was not localized; it was disseminated across Nebraska, Ohio, Idaho, Utah, and Nevada, ensuring that the Petitioner and his family were hunted by a radicalized public across five states.

B. The State's Active Participation in the Media Hoax

The State of Colorado did not merely observe this broadcast; it actively participated in the manufacture and distribution of the fiction.

1. **The Satur Press Advisory:** Acting with homicidal intent, Deputy Chief Jeff Satur issued an extrajudicial press advisory that adopted the FOX-31 "Homicide Hoax" as the official basis for a multi-state manhunt.
2. **The "Armed and Dangerous" Designation:** Despite the Petitioner being a "cripple" in a state of unmedicated HHS who had never touched a firearm, the State branded him as an "armed and dangerous" fugitive. This was a tactical act of incitement intended to solicit a "Shoot-on-Sight" response from both the public and law enforcement.

C. The Fabrication of the Robbery Narrative

The Petitioner alerts this Court that the State and the News Defendants intentionally altered property logs to match the media's fiction.

1. **Modification of Evidence:** While witnesses reported a chrome-colored bicycle, police records were changed to allege a "green bicycle with black saddlebags" was stolen. This narrative was then fed back to the news networks to justify the Petitioner's illegal sequestration and the "Biological Liquidation" that followed.
2. **The GoFundMe Wire Fraud:** On November 8, 2020—while Randall Shubert was still alive and the hospital record showed only a single fall-related injury—the News Defendants published a

GoFundMe page. This publication characterized a medical accident as a "violent robbery" to generate revenue through defamation and to further incite public outrage.

XXIV. THE FCC "RIGHT TO SUE" CERTIFICATION AND THE JUDICIAL OBSTRUCTION OF REDRESS

The Petitioner maintains that he has fulfilled all administrative requirements to seek redress for the "Corporate Malice" of the News Defendants, yet the Federal District Court has operationalized a total blockade of his legal rights.

A. Administrative Exhaustion and the FCC Mandate

The Petitioner has secured a formal "Right to Sue" certification from the Federal Communications Commission (FCC) regarding the News Defendants' multi-state broadcast of the "Homicide Hoax."

1. **The Judicial Blockade:** Despite this administrative mandate, the District Court has systematically ignored the FCC certification, refusing to allow the Petitioner to proceed with his claims.
2. **The Motive of Elimination:** The Petitioner maintains that this obstruction is a tactical move intended to ensure that he and his family are "physically eliminated" before the News Defendants can be held accountable for the 15-day cycle of public incitement.

B. Judicial Solicitation of SSA Fraud and Attempted Murder

The District Court's role in this conspiracy extends beyond simple obstruction to the active solicitation of federal financial fraud.

1. **The SSA Fraud Loop:** The federal bench has knowingly permitted the State to utilize the "Brimmer Forgery" to facilitate Social Security Administration (SSA) fraud. By branding a terminal "Eggshell Plaintiff" as a "dangerous fugitive," the State has successfully truncated his medical funding and redirected federal subsidies to fund the very "sanctuary" practices the Petitioner unmasked.

2. **The Attempted Murder for the News:** The Petitioner alerts this Court that the District Court's refusal to restore the unspoliated record is a direct act of "Attempted Murder." By maintaining the "Homicide Hoax" on the federal record, the Court provides the News Defendants with a "legal defense" for the public violence they incited, effectively prioritizing corporate revenue over the life of a U.S. Citizen.

C. The Denial of Redress as a Tactical "Kill Zone"

The Respondents' refusal to allow the Petitioner to seek redress is a desperate attempt to protect the \$50 Billion revenue fraud operation.

1. **The Terminal Condition:** The Petitioner is currently in a life-threatening medical state, suffering from the permanent physical destruction caused by the State's medical torture.
2. **The Final Plea:** The District Court's hope is that the Petitioner will die in the "Kill Zone" of medical deprivation and public incitement before his claims can reach a jury. This Court must intervene to restore the integrity of the federal record and ensure that the "Right to Sue" is not a hollow promise in the face of state-sponsored terrorism.

REASONS FOR GRANTING THE WRIT

I. THE TENTH CIRCUIT IS PREPARED TO SUPPLY THIS COURT WITH A NON-EXISTENT CONVICTION BASED ON A "BIPOLAR" FEDERAL RECORD.

THE COURT'S ATTENTION IS DIRECTED TO THE FIRST PAGE OF APPENDIX A: THE RECORD IN THIS MATTER IS IN A STATE OF IRRECONCILABLE, "BIPOLAR" CONFLICT THAT DEFIES THE DUE PROCESS CLAUSE AND PROVES JUDICIAL COMPLICITY IN AN ASSASSINATION PLOT.

A. The Gurley/Brimmer Forensic Collision

The federal bench is currently maintaining two contradictory records to facilitate the "Biological Liquidation" of a federal whistleblower:

1. **The Gurley Admission (1:25-cv-00536):** Magistrate Richard Gurley analyzed the 911 forensic logs and was forced to publish the truth: that Randall Shubert "fell" independently and the incident was a "medical accident."
2. **The Brimmer Forgery (24-cv-01127):** Simultaneously, Chief Judge Phillip Brimmer—acting as "legal cover" for Gray Media Group—forged corporate news scripts into federal orders as "facts," branding the Petitioner a murderer.

THIS CONTRADICTION IS NOT A PROCEDURAL OVERSIGHT; IT IS A TACTICAL "KILL ZONE" MAINTAINED BY THE FEDERAL BENCH TO ENSURE THE PETITIONER'S EXECUTION VIA PUBLIC INCITEMENT AND MEDICAL DEPRIVATION.

II. THE BRIMMER FORGERY PROVIDES "LEGAL COVER" FOR ONGOING MASS CASUALTY EVENTS AND PUBLIC TERROR.

The Petitioner maintains that by adopting the "Homicide Hoax" as a federal order, Chief Judge Brimmer has effectively issued a "Public Death Warrant" that remains active and lethal.

A. The Staging of Retaliatory Church Attacks

The fraudulent record upheld by the federal bench has directly caused and sheltered localized terror operations, including the staging of mass shooting threats directed at the Petitioner's place of worship. This is a state-sponsored campaign to destroy the LDS faith and eliminate traditional citizenry through the weaponization of false narratives.

B. The Magnitude of Public Suffering

The "Lethal Script" has expanded beyond the Petitioner to target the infrastructure of the community:

1. **The Medical Blockade:** Dozens of doctors have been "chased" and fired by state actors for attempting to provide the Petitioner with life-saving insulin, effectively sabotaging the regional healthcare network to ensure a "Biological Liquidation."
2. **Vocational and Academic Sabotage:** Despite the Petitioner being a high-achieving student in Organic Chemistry, the Respondents continue to use the Brimmer Forgery to incite university staff and employers to engage in retaliatory strikes.

CONCLUSION

The record before this Court documents the total subversion of the American legal system. The Petitioner—a terminal "Eggshell Plaintiff"—has survived clinical death and systematic skeletal destruction at the hands of a "Rogue Terrorist Federal Bench" that prioritizes corporate news revenue over the Constitution.

If the "Brimmer Forgery" is allowed to stand, and if the State is permitted to vanish children and stage mass shootings to silence whistleblowers, then the Constitution is dead. The Petitioner respectfully prays that this Writ of Certiorari be granted, the void judgments vacated, and the conspirators held to account before the law.
