QUESTIONED PRESENTED

On October 31st 2008, I faced thefts and fraud charges. On June 12th 2009, I stole money from someone Bank Account in Prince George's County MD. On June 13th 2009, I went to a car dealership on Route 1 in Howard County, Maryland intended on purchasing a vehicle using counterfeit ID, I had created and funds I unlawfully stolen the day before. After a thorough investigation by four jurisdictions, I faced up a maximum penalty of 15 years for committing the same infractions three times. On August 25th through 26th 2009, I was sentenced in the Circuit Court for Montgomery County Maryland to 5-years, all suspended except 1 year with 3-years supervised probation, which I served all. The same FBI Agent woman, who has been the symbol of injustice and suffering I experienced while working for Comcast of the District LLC, recruited two-assistant attorney general from Maryland for inter-personal gains, further crippling my finance and engage corruption. As a result, the Judgement from August 25th to 26th 2009 was unlawfully reversed by the Circuit Court for Prince George County Upper Marlboro Maryland- same Jurisdiction- twice. The same FBI Agent woman sent homosexual men to harassed me from 2020 to 2023 after destroyed my marriage. I appealed to Supreme Court of Maryland, Highest State Court, and they stated my petition was non-compliant and unfairly denied my petition due to corruption and chronic systems failure. The Questions Presented are:

1. Whether a cause of action exists under the *'Double Jeopardy Law?'*
2. Whether a cause of action exists under *'18 U.S.C. § 1505, obstruction of proceeding's'* and *'18 U.S.C. 1621 perjury?'*
3. Whether a cause of action exists under *'Maryland Criminal Code § 6-226, Section (d)?'*

PETITION FOR WRIT OF CERTIORARI

As the highest Court in the land, the United States Supreme Court not only consistently upholds laws but also safeguards the rights of individuals across our nation. This is undeniable and especially true when lower courts and state highest Courts, nationwide adopt “*rosy lenses*,” optics, as a result, fatally failed to enforce good ethics, fairness and the rule of laws.

On February 21st 2024, the United States Supreme Court unanimously held that a “*Jury verdict of not guilty by reason of insanity, even if apparently inconsistent with the Jury’s other verdicts in the same criminal case, amounted to an acquittal barring re-prosecution for the same offense;*” Consequently, the State of Georgia could not retry McElrath on the malice murder charge, therefore, this Court reversed and remanded for further actions, *Mcelrath vs. Georgia, United States Supreme Court, No. 22-721 (2024.)*

On January 14th 2026, the United States Supreme Court issued a ruling on double jeopardy law under the fifth amendment of the United States Constitution, prohibiting a defendant from “receiving two convictions for a single act that violates two closely related offenses United States Congress has not authorized convictions under both ‘18 U.S.C. § 924(c)(1)(A)(i) and (j)’ for one act that violates both provisions; “therefore, reversed and remanded, back to Circuit Court for further actions; *Barrett v. United States, No. 24-5774 (2026.)*

The Double Jeopardy Law under the Fifth Amendment of the United States Constitution intertwine and is applicable with the *state of Maryland laws*, *John Dalmer Benton vs. State of Maryland*, June 23rd (1969.) "Dagash Hall," Assistant Attorney General is the surrogates of the same FBI Agent woman, and she represented the 'respondent' with her colleague, "Tony J Andrea," who's also Assistant Attorney General of Maryland. Both were fully aware of the 'double jeopardy law,' under the 'Fifth Amendment' of the United States Constitution; Nonetheless, on behalf of respondent, they both engaged in '18 U.S.C. §1505 Obstruction of Pending Proceeding,' '18 U.S.C. §1621 Perjury,' '25 CFR § 11.448 Abuse of Office/Abuse of Power,' '42 U.S.C. § 3617, §2422, §1591, Coercion/Intimidation,' 18 U.S.C. §201 amongst many.² This esteemed Court likewise granted 'Petition for Writ of Certiorari,' emphasizing the ultimate and supreme importance of keeping lower courts, highest state Courts nationwide preposterous and frivolous approaches in check concerning 'double jeopardy law,' under the 'fifth amendment,' of the united states constitution. "Accordingly, the judgement of the Court of Appeal is reversed and the case is remanded for proceeding consistent with this opinion," *David Wayne Burks vs. United States*, No. 76-6528 (1978.)

2. '18 U.S.C. §1505 Obstruction of Pending Proceeding,' '18 U.S.C. §1621 Perjury,' '25 CFR 11.448 Abuse of Office/Abuse of Power,' '42 U.S.C. § 3617, §2422, §1591 Coercion/Intimidation,' 18 U.S.C. §201 amongst many, should have no place in our judiciary, lower courts or highest state court systems.

JURISDICTION

Supreme Court of Maryland, Highest Court in the State, '*Notice treated petition as non-compliance*' for September Term 2025, on December 15th 2025 and entered a '*denied order of the petition, without opinion,*' on February 23th 2026; Circuit Court for Prince George's County Upper Marlboro Maryland, '*ordered in favor of State of Maryland Central Collection, without Opinion,*' on November 20th 2025; District Court for Prince George's County Upper Marlboro Maryland, '*ordered in favor of Pro-se Defendant,*' on May 28th 2025.

a) Constitutional and Statutory Provisions

The '*Double Jeopardy Law,*' under the '*Fifth Amendment,*' of the United States Constitution establishes concrete protections for anyone whom did face injustice and risk of been judge "*twice,*" for the same thing in the same jurisdiction. [I]t empowers citizens and resident nationwide to seek justice and protection against injustice and abuse of power.

'*18 U.S.C. § 1505 Obstruction of proceedings,*' criminalizes corruption, obstruction, influence, or impediment of proceedings before U.S. Departments Agencies, or Congress and violations are punishable by up to five-years in prison.

'*Maryland Criminal Code § 6-226, section (d)*' statutory law give reasonable guardrail to those whose probation supervision and other fees could not be pay due to extenuating condition's and criteria mentioned on '*section (d.)*'

'Perjury,' under '18 U.S.C. §1621,' is "the primary federal law prohibiting willfully false and material statements made under oath in Court, grand jury, or administrative proceedings." It protects the integrity of the judicial process by penalizing knowingly false testimony with up to five years in prison.

STATEMENT OF THE CASE

I, Pro-se Petitioner respectfully submit this Petition for Writ of Certiorari in this esteemed, and highest Court of the United States of America, to seek review of the Supreme Court of Maryland, Highest State Court, unfair *'notice,'* made on December 15th 2025, and denied order made on February 23rd 2026 due to chronic system failures and corruption for their personal gains. I have also included the Circuit Court for Prince George's County Upper Marlboro Maryland denied order in favor of State of Maryland Central Collection by the Court on October 31st 2025, and amendment fees order in favor of State of Maryland Central Collection by the Court on November 20th 2025. This matter is of great public importance nationwide and arises from a very complex Criminal Case Number: *'112083C'* and was originally adjudicated in the Circuit Court for Rockville Maryland on August 25th through 26th 2009. I am not a lawyer nor a law school graduate of any kind but a Healthcare and Mental Health Graduate with a Bachelor Degree in Science Psychology, concentration Biology, Master Degree in Science Healthcare Administration and training to become a Medical Doctor- aspiring Gastrointestinal Surgeon. (see *Appendix A.*)

On October 31st 2008, I was charged with '*unlawful taking*' '*unlawfully removing property*,' '*unlawfully removing property*,' '*theft over \$500*,' and '*identity theft*,' by Officer Rankin of Montgomery County Police Department. I was naïve, immature and stupid; while waiting for my trial, I went with some former bad influences/friends in Washington DC to get fake ID, resulting in stealing money from someone bank account in Prince George's County on June 12th 2009 and we split the money and I was the youngest in the crew. On June 13th 2009 I visited a car dealership on route 1 in Howard County Maryland to purchase a car with fake ID that was made and the money I stole on June 12th 2009. I was arrested again mirroring the identical trouble I got into in 2007 and October 31st 2008. (*see Appendix B.*) The record from Howard County Circuit Court incorrectly stated I was adjudicated in their custody but the truth is different. I was transferred to Montgomery County after a thorough investigation led by four jurisdictions: Montgomery County Police Department, Howard County Police Department, Prince George's County Police Department, and District of Columbia Police Department. I faced up a maximum penalty of 15 years. I was given a choice to either accept a plea deal or refuse the plea deal and go on trial on August 26th 2009.⁴

4. The decision of accepting a plea deal, from the State Court was not only extremely difficult but it was the right and solemn thing to do because I committed the crime, and I accepted accountability over gaslight. I served all my times for all the crimes I have committed almost two decades ago. I am a changed man. I am an honest man. I am not a lawyer nor a law school graduated.

I was represented by a criminal lawyer that squarely failed to advise me of the consequences of *'theft over \$500 charge- a felony.'* In the earlier morning of August 26th 2009, Attorney Dolan Kathleen Anne visited me in jail right before Court time, and coerced me on responding "yes," on everything the Judge will ask during the plea deal, I naivety and stupidly accepted.

Acknowledge, during August 25th through 26th 2009, sentencing I was given 5-years suspended but 1-year, as a condition of the plea agreement, I was directed to pay a monthly probation supervision fee of \$25; additionally, I was also directed to pay a restitution payment of \$4,480.00 to Ourisman Honda and \$25,798.27 to Toyota Financial Services. Retired Senior Judge Durke Thompson, who was presiding on this matter stated the following: *"probation is a condition, if you do not have the capacity to pay, you can't violate your probation,"* and on the sentencing guidelines and plea hearing sheet, he referred to this statement as a *"special condition."* He also recommended pre-release, also known as (PRC) and stated on the records that he knows, due to the immigration detainer entered at the time against me on June 15th 2009 by ICE, I will not be able to go for pre-release. The Circuit Court for Montgomery County Rockville Maryland, Criminal case number: *'112083C,'* was officially closed on August 26th 2009. (see Appendix C)

On this faithful day, I learned unforgettable lesson, apologized to all the victims involved and vowed to be the third and last time I find myself in trouble.

In essence, I did reaffirm my commitment to leading a life of integrity and honor's moving forward. I was already serving a prolonged sentenced due to the 101 days I had already spent in jail prior sentencing.

While others were sleeping in Jail, I was cooking foods for the whole jail. As a result of my good conducts, the warden of the Clarksburg Jail, shortened my sentence from 1-year to 6-months. I was immediately transferred into ICE custody and served additional 1.5 year in ICE custody while fighting against deportation. I served a total of 2-years behind bars, equivalent to 24 months, 104 weeks, 730.41 days, 17.5 thousand hours, and 630.700.00 seconds. I was released on January 1st 2011. The Maryland Department of Public Safety Probation and parole, assigned me just one probation agent and his name is Burke Phillip E. He is deceased.

I did not have the capacity to pay the probation supervision, collection, and restitution payments due to extenuating conditions, and others, as a result, the Maryland Department of Public Safety and Correctional Services Division of Parole and probation via my former probation agent Burke Phillip E, attempted to violate my probation three times: March 10th 2011, May 23rd 2011, and June 18th 2012 with others false motives and main reason: *"the main reason this report is submitted is to advice the Court that when initially placed under supervision, Mr. Bopda has not made any payments towards the monies owed to this case."* In Court or legal documents, his name appeared as Burke Phil. for confidentiality reasons. (see *Appendix D*) I couldn't pay due to extenuating conditions and I was in school.

On September 14 2012, we had one sole restitution hearing regarding the same probation supervision, restitution, and collection fees. We never had any more restitution hearing after this date. This is the solemn truth.

Former Retired Judge Ronald Rubin upheld senior retired judge Durke Thompson August 25th through 26th 2009 ruling.

Retired senior Judge Durke Thompson stated the following on the court August 26th 2009 audio clip: *"probation is a condition, if you do not have the capacity to pay, you can't violate your probation;"* On the sentencing guidelines and plea hearing sheet, he referred to this statement as, *"special condition."* Md. Code Criminal Procedure §6-226, section (d)

There is an active State of Maryland Criminal Code § 6-226, section (d) that affirmed, the court may exempt a supervisee as a whole on in part from the fee imposed under this section if: (1) *"the supervisee has diligently tried but has been unable to obtain employment that provides sufficient income for the supervisee to pay the fee,"* (2) *"the supervisee is a student in a school, college, or university or is enrolled in a course of vocational or technical training designed to prepare the student for gainful employment;"* (3) *"other extenuating circumstances exists."*⁵

5. The active State of Maryland Criminal Code § 6-226, section (d) law was active prior sentencing on August 25th through 26th 2009 and is still active now. Life was hard and I couldn't find employment easily at that juncture due to lack of employment tied to the August 25th through 26th 2009 conviction at that season.

On December 15th 2015, I got married to my ex-wife formerly known as Margarette Kabia; Unbeknown to me, this same FBI Agent woman whom I recognized by her [physiognomy,] and voice and not by name, have been the emblem of injustice I have been suffering. She threatening to kill my ex-wife and lied to her that I did not serve all my time in the August 25th through 26th 2009 sentenced I received. This same FBI Agent woman unlawfully interfered with my marriage, enticed my ex-wife to turned violent against me, she became highly violent, and chased me with a knife, leading to my filing for divorce, resulting in the demise of our marriage on March 29th 2019. (*see Appendix E*)

From 2020 through 2023, I started to experienced overwhelming harassment from homosexual men and confused where it was coming from, I complained about this to family's members. In 2020, just when I started to gain employments very fast and easy, overcoming the 7-years thresholds impact from the August 25th through 26th 2009 conviction. This is when the same FBI Agent woman start to systematically and unlawfully interfered with my employment's crippling my finances- destroying everything I have financially earned and build to this day.

In 2022, I received correspondence/notice from Maryland Former Attorney General Brian Frosh indicating that the same FBI Agent woman was investigating my past to ensure compliance with procedural requirements related to the August 25th through 26th 2009 sentencing. His office in turned engaged investigation for months and concluded that nothing was wrong and I complied with all procedural

requirements. Former Attorney General Brian Frosh, did not come after me at all. Rather, he wrote what was the sole 'notice,' to "CCU." (*see Appendix F*) The correspondence/notice I received in the mail was later stolen by this same FBI Agent woman informant "Alex Kitue." Since it was not enough, "Alex Kitue," under the order of this same FBI Agent woman, physically assaulted me by using a deadly Biochemical Synthetic Poison laced with Industrial Hydrogens, inflicted serious damages on my Occipital scalp. Two doctors, primary care physician and a skin cancer surgeon, both affirmed the diagnosis called "*suppurative folliculitis*," with mixed "*dermal inflammation*." An incurable Autoimmune Disease. (*see Appendix G*)⁶ The fact that former Attorney General Brian Frosh of Maryland, did not come after me but wrote what was the sole 'notice,' his office sent to "CCU" meant that I was "exonerated."⁷ I distinctly recognized this same FBI Agent woman by her [physiognomy,] and voice and not by name due to her constant refusal to reveal or publicly say what her name is, specifically to me. (*see Federal Rule 901-Authenticating or Identifying Evidence.*) These are not conspiracy theories nor myths but the solemn truth backed up with concrete evidences.

6. I have never had any incurable autoimmune disease prior to the Biochemical Synthetic Poison laced with Industrial Hydrogens attacks I suffered at the hands of this same FBI Agent woman via her informant Alex Kitue.

7. Former Attorney General Brian Frosh exonerated me because his office deemed that I am innocent.

While I was preparing to sue the Federal Bureau of Investigation and its Inspection Division, on February 3rd 2025 under the order of this same FBI Agent woman, and under the cover of the State of Maryland Central Collection, Dagash Hall, current Assistant Attorney General of Maryland, a surrogate to this same FBI Agent woman, did engaged in a frivolous lawsuit against me. Demanding that I pay the August 25th through 26th 2009 probation supervision fee in the amount of \$1,505.56, 17% statutory fees \$255.95 for a total of \$1,761.51 to slow me down enough, crippling my finances, distract me, attempting to prevent me from filling a lawsuit against the Federal Bureau of Investigation and its inspection division, and construct a false pretext that I did not serve all my time. Please see, (*District Court for Prince George's County Upper Marlboro Maryland, D-05-CV-25-016141*) On May 28th 2025 while in Court, at Trial my biological mother and I witnessed Assistant Attorney General Dagash Hall coerced Agent Sharika Blake, from the Maryland Department of Public Safety and correctional services, division of parole and probation to commit perjury under oath. In the surprising turn of events, Agent Sharika Blake, while under oath, raised her both hands in the air, stating to the court that she was not involved in the case. Additionally, she affirmed Dagash Hall made her come to Court that very morning to testify on this case and she did not have any knowledge, nor did she have any involvement with the subject matter. During this trial, Dagash Hall submitted a figure of \$900 for supervision fees along with \$605.56 in statutory interest fees (2%,) which totaled \$1,505.56. (*see Appendix H*)

This contrast with her original figure presented on February 3rd 2025 which totaled \$1,761.51 where the statutory interest fees were leveled at 17%, unlawfully manipulating the variable of interest fees. (*see Appendix I*) The variables presented raises serious questioning of unlawful interest fees. Judge Lewis who brings a strong background in mental health to the bench, was chosen for this trial due to the ongoing smear campaigns waged by Dagash Hall and the same FBI Agent woman, both falsely alleged that I suffer from mental health diagnosis and delusions. After presented rigorous evidence and going through series of questioning by the Court panel, under oath, Judge Lewis delivered a decisive ruling against Dagash Hall. Here you see the ruling, *'plaintiff'* as "Dagash Hall" and not as "State of Maryland Central Collection." (*see Appendix J*)

Thus, it means I was acquitted again. While in the Court room, and walking towards the door, my biological mother and I saw an FBI Agent man, wearing a blue suit, was seating by us and flashing immigration paper at me. When we exited the Court room, my biological mother and I heard Assistant Attorney General Dagash Hall stating, *"she does not know how much more she can do with this ruling entered in my favor to stop me from the lawsuit, I filed against the Federal Bureau of Investigation and it's inspection division on September 25th 2025."* (*see Appendix K*)

I have suffered two attempted murder attacks at the hands of her informants, "*Alex Kitue*" in Rockville Maryland, I was profusely bleeding on February 20th 2025, March 18th through March 21st 2025, and I went at a skin cancer surgeon practice to get treated. (*see Appendix L*) Wall Bruce Christopher was sent by the same FBI Agent woman in my Lyft car, to threatening and stab me with pair of scissors and he was arrested by DCPD in Washington DC. (*see Appendix M*)

The comptroller and central collection of state of Maryland, unlawfully garnished my state income taxes return for the past 10-years and counting when in fact the August 25th through 26th 2009 ordered prohibited such blatant actions. The same FBI Agent woman, deported "*Alex Kitue*" back to Kenya after I filed the lawsuit on September 25th 2025, against the FBI and its inspection division. "*Wall Bruce Christopher*" was arrested by "*DCPD*," he is now facing criminal charges in DC Superior Court Case Number: '*2025 CMD 008505.*' (*see Appendix O*)

On behalf of the same FBI Agent woman, and her surrogate Assistant Attorney General Dagash Hall, under the cover of State of Maryland Central Collection, involved her colleague Andrea J. Tony who is also Maryland Assistant Attorney General, formally initiated a De novo appeal in the Circuit Court for Prince George's County, Maryland to set a new trial for October 31st 2025 at 10:00Am. (*see Appendix P*) They falsify Circuit Court for Montgomery County Rockville Maryland records, attempted to make it seems as if we had another probation hearing/ appearance date: 5/12/2022.

We had just one probation hearing date and it was on: September 14th 2012, as described on page 9. (*see Appendix Q*) On July 11th 2025, I met with my former immigration attorney Joshua Berman *"asking for his testimony on this Trial but he declined and counseled me to drop the federal lawsuit,"* then *"I asked him about the notes and immigration case document,"* he told me *"he will bet back to me."* On July 22nd 2025, I texted my former immigration attorney Joshua Berman, *"reminded of those documents, and told him it was for trial purposes and I need them,"* He conveyed *"he does not have them anymore,"* during this conversation.

On October 7th 2025, I called his office to speak with him, while speaking to his clerk, he did not spoke to me directly, and I heard his voice in the background *"threatening me not to subpoena him, and if I do, he will terminate our client-attorney relationship."* The reason, I asked for his testimony at the October 31st 2025 new trial was because on September 14th 2012, at the probation supervision hearing my former immigration attorney "Josh Berman" was there, testifying that I was immediately transferred in immigration custody right after serving time at Clarksburg Jail; thus, served two years of the three years supervised probation in jail. Upon released on January 1st 2011, which marked the third years of the supervised probation, I could not pay the restitution payments of \$25,798.27 to Toyota Financial Services and I could not pay the probation monthly fee of \$3,972.97. (*see Appendix S*)

I was in school through financial aid Federal Loans. I had just one former probation supervision agent and his name is Mr. "Burke Phillip E".; therefore, "Sharika Blake" was never ever my assigned probation agent, as described on page 12 of this writ. In fact, "Sharika Blake," denied having anything to do with my probation files and affirmed she was picked and coerced to come testified by the same FBI Agent woman surrogate, "Dagash Hall" who is Assistant Attorney General of Maryland.

On October 15th 2025, in spite of the threats against me, I still subpoena "Joshua Berman" for his testimonial. On October 28th 2025, Joshua Berman called me, he asked me, *"what do I want him to say?"* I reminded him of the values of speaking the truth, per his own counsel almost two-decades ago, and is the cornerstones of my life and all I needed him to do is to speak the truth. We briefly discussed the subject matter and he affirmed he will show-up for trial.

On October 31st 2025, my former immigration attorney "Joshua Berman," double crossed me, by stating he does not know and had no knowledge of the matter; he spoke of the Howard County Traffic Case he came to help, I affirmed and brought him back to Montgomery County Circuit Court sole restitution hearing we had on September 14th 2012. After questioning him multiple times, he then said, *"he does not know does not mean that it did not happen,"* after stating multiple time that he does not know. On this same day, the same FBI agent woman surrogate "Dagash Hall," under the cover of State of Maryland Central Collection brought

another probation agent of the name of "Omowunmi Abassibkra," and this agent was never assigning to me as a probation agent during my probation supervision. I had just one former probation supervision agent and his name is Mr. "Burke Phillip E" and he is deceased.

This esteemed Court should know that the Federal Bureau of Investigation Inspection Division are encouraging this same FBI Agent woman to commit crimes; they are manipulating google search engines, each time I filled a complaint in Court's and they pushing our change.org page down, and actively unlawfully manipulating Court system's.

On May 28th 2025, under the guidance of this same FBI Agent woman, Dagash Hall under the covers of State of Maryland Central Collection brought "Sharika Blake," to commit perjury and she denied, she has no knowledge of the subject matter and on October 31st 2025, she brought "Omowunmi Abassibkra," and this probation agent was never ever assigned to me at all.

On October 31st 2025 Trial at the Circuit Court for Prince George's County, Upper Marlboro Maryland, Dagash Hall, Assistant Attorney General of Maryland, under the cover of State of Maryland Central Collection, a surrogate to the same FBI Agent woman stated: *"I did not serve all my time."*

Acknowledge, when I questioned about the discrepancy between the \$900 probation supervision fees from May 28th 2025, and \$475 probation supervision fees

they presented on October 31st 2025, she could not provide an honest and satisfactory explanation, revealing the inconsistency and frivolity of their actions. Basically, unlawfully manipulating variables to have a frivolous percentage under oath. After Court session was over, we witnessed my former immigration attorney Joshua Berman exiting the Court room with Assistant Attorney General of Maryland Dagash Hall, who is acting under the cover of State of Maryland Central Collection. Assistant Attorney General of Maryland Dagash Hall, does have personal interest in becoming our state of Maryland next Attorney General, therefore, she is engaging all these violations under oath, because she received insidious employment help from this same FBI Agent woman, for rise to prominence. She violated *'MD Rule 19-301 .7.'*

The same FBI Agent woman is actively crippling my finances, telling pastor's in our church not to marry me and threatening she will burn down our church. I was unable to file my taxes in 2024 for the first time in 20 years due to their constant attacks against my finances.

I did seek all administrative remedy to all state of Maryland lower courts but chronic system failures and corruption in State of Maryland, Highest Court and lower Courts have impeded every effort we make on this case towards accountability and Justice. The subpoena's I had sent via United States Postal to the Circuit Court for Montgomery County Rockville Maryland to get the August 26th

2025 audio tape, as crucial evidence for my defense, was blocked; therefore, the subpoenas did not reach the court on time; (*see Appendix T*) This esteemed Court should know, the same FBI Agent woman is tampering with United States Postal I am sending to states and federal government's official, preventing them to reach destination on time. I did report this to United States Postal Inspector General. (*see Appendix U*) For example: I served certified documents to a similar case to Federal Bureau of Investigation Inspection Division and their Inspection division and Department of Justice, recently, the same FBI Agent woman did tamper again with the certified mail, making seems as if the first summons I served to defendant's did not reach destination; maliciously plotting with a clerk in the district court for Washington district of Columbia whom did showed personal interest, to have lawsuit we initiated against the FBI and it's inspection division, dismiss. (*see Yannick Bopda vs. Federal Bureau of Investigation & Inspection Division, No 1:25-CV-03425, ECF of December 30th 2025 & ECF of January 16th 2026.*) In spite of all, the Circuit Court for Prince George's County Upper Marlboro Maryland improperly reversed the two decades ago, August 25th through 26th 2009 judgement by Senior Retired Judge Durke Thompson. (*see Appendix V*)

Andrea J Tony, Assistant Attorney General on behalf of her colleague, Dagash Hall, under the cover of State of Maryland Central Collection filled an amendment to have the judge cotton add filing fees of \$104.00 and other fees of \$183.70, and I opposed.

On November 19th 2025, Judge Cotton denied Andrea J Tony, amendment request and stated, "*as no order is attached, counsel may resubmit with an appropriate order.*" (see Appendix W)

On November 20th 2025, I arrived in the Circuit Court for Prince George's County Upper Marlboro Maryland to appeal it to Supreme Court of Maryland, Andrea J Tony have not attached "appropriate order," per Judge Cotton mandate as described on pg.18 of this writ. After paying the appealing fees and submitted the transcripts request and returned the copy to the clerk, successfully finalized administrative requirements for the appeal to the Supreme Court of Maryland. Thereafter, I received a notification, advising the amendment request denied order was unfairly reversed. (see Appendix X) It looks like an autopen signature.

Judicially and normally, once an order is appealed and fees to appealed are paid, no one can file into the case, especially without the "*appropriate order*," Judge Cotton mandate, Andrea J Tony to submit.

It's crucial to note all the sex plots and traps this same FBI Agent woman has made and continue to make, was blocked, with exception of 4 and were all reported, accordingly. This same FBI Agent woman sent two prostitutes to sleep with me. One asked me for money after I visited her grandmother at the hospital and I gave her because we became friends with benefits.

The other one force me to pay her \$1,000.00 for sex, I declined to pay and I did not know, they were prostitute prior our encounters.

Those two women, became my former friends with benefits and these happened after I had warned my ex-wife over three times that the day I will sleep with another woman due to the violence, the same FBI Agent woman kept enticing her to unleash against me, it will mean that our marriage is over.

This same FBI Agent woman was hearing each time I was warning my ex-wife, unlawfully interfering with my marriage and personal life. They wanted me to beat my wife so I can get arrested and go to jail, but I did not.

I met the third woman at former school, "technical learning centers," is now called prospect college, this one was not a prostitute, but was sent by the same FBI Agent woman. They all suddenly disappeared after sleeping with me in different days and time. I immediately told my ex-wife, because we were still sleeping in the same bed and living in the same house and I divorced her. I appealed the Circuit Court for Prince George's County Upper Marlboro Maryland, October 31st 2025 ordered in favor of State of Maryland Central Collection and November 20th 2025 amendment fees order in favor of Maryland Central Collection to the Supreme Court of Maryland. It was unfairly treated as a '*non-compliant petition*,' on December 15th 2025 and the 'petition' was denied on February 23rd 2026 (*see Appendix Y*) It's fair to say, the same Assistant Attorney General Dagash Hall

violated many principles, weaponized state and federal law enforcements, acting under the cover of State of Maryland Central Collection, as a result, she violated the Double Jeopardy law at the behest of the same FBI Agent woman, *Benton v. Maryland*, 395 U.S. 784 (1969).

Even in civil sanction that is punitive in nature, the principles of double jeopardy law still apply and are enforced, prohibiting sanction of the same thing, arising from the same case, twice, *United States v. One Assortment of 89 Firearms*, 465 U.S. 354 (1984.)

This esteemed Supreme Court of the United States have the Power to restore our standing. As we speak, this same FBI Agent woman, her informant's and surrogates are actively crippling my finances, and employment opportunities and using as their leverage, attempting to force me to work for them as an informant against my will. They are using corruption and unlawful force to coerce me to sign their forms that will gut my first amendment right and force me to settle on their improper terms on the lawsuit we initiated against the Federal Bureau of Investigation and its Inspection Division on September 25th 2025 in the District Court for Washington District of Columbia. I didn't do anything wrong. I served all my times for all the crimes I committed almost two decades ago. I completed all my supervised probation, and I am a changed man. I am redeemed. I have earned respect from our communities at-large and went back to school. Although it was not easy, I kept and fulfilled the promised I made before the citizens of our great state

of Maryland on August 26th 2009. In spite of all the unfair attacks, physical assaults, sex plots and all odds, I have solemnly kept my words- promised made, and promised kept. As a result of my finances being crippled by them, unlawful interference in my biological families, and personal life by this same FBI Agent woman via her surrogates, and informants, I became homeless again residing at the Nebel Street shelter located in: 11600 Nebel St Rockville Maryland 20852 at no fault of my own since late October 2025.

On March 4th 2026, a homosexual man, here at the shelter while I was sleeping at night, tried to kiss me on the lips. Fortunately, the Lord awakened me, and when I opened my eyes, his face was so close to my face, and I repelled him before impact. I also reported to the senior staff. It was documented. (*see Appendix Z*) It is evident that the Federal Bureau of Investigation Inspection Division and the Federal Bureau of Investigation itself would rather have me with a fleet of women or turn homosexual than be happily married heterosexual man to just one heterosexual woman in Maryland. My state of Maryland Income Taxes returns, have been unlawfully garnished for the past 10-years- I have been stripped away of financial stability, and actively depriving me from work opportunities. I was able to file my taxes, this 2026 year but learned that State of Maryland, garnished my 2025- year state income taxes return. As of 3/24/2026, I have blocked 182 sex seductions from adults and young adult's women and 18 underaged little girls sex plots sent by this same FBI Agent woman and her cohorts.

The aforementioned numbers keep getting higher. Their purpose is to mechanically engineer a false sex rape crime against me as a frivolous rebuttal to gaslight and thwart accountability and justice.

REASON FOR GRANTING THE PETITION

Lower Courts across the nation, are divided and have projected an unprecedented divided climate pertaining to double jeopardy laws under the 'fifth amendment,' of the United States Constitution. As a result, grossly failed to enforce the aforementioned laws accordingly.

On February 21st 2024, the United States Supreme Court unanimously held that a *"jury verdict of not guilty by reason of insanity, even if apparently inconsistent with the Jury's other verdicts in the same criminal case, amounted to an acquittal barring re-prosecution for the same offense;"* Consequently, the State of Georgia could not retry McElrath on the malice murder charge, *McElrath vs. Georgia, United States Supreme Court, No. 22-721 (2024)*⁹

On January 14th 2026, the United States Supreme Court issued a ruling on 'Double Jeopardy Law' under the 'fifth amendment,' prohibiting a defendant from "receiving two convictions for a single act that violates two closely related offenses United States Congress has not authorized convictions under both '18 U.S.C. § 924 (c) (1) (A) (i) and (j)' for one act that violates both provision," therefore, reversed and remanded back to Circuit Court for further actions;

Barrett v. United States No.24-5774 (2026). The fundamental principal of double jeopardy law is been grossly violated by the State of Maryland Highest Law enforcement Office's the same FBI Agent woman and the highest state of Maryland Court. They are weaponizing law enforcement's and using taxes payer's revenues to commit crimes.

Federal and State Laws were created to protect our constitution and not to weaponize them against taxpayer's, or residents of a state out of malice due to corruption and personal gain. The state of Maryland Judiciary systems has terribly failed because those who took the oath to serve and protect, not only have violated their oath of offices, by maliciously choosing gaslight over accountability and personal gain, over justice.

THIS CASE IS EXCEPTIONALLY IMPORTANT

The Double Jeopardy Law under the Fifth Amendment intertwine and is applicable with the State of Maryland laws, *John Dalmer Benton vs. State of Maryland, June 23rd 1969*, and this United States Supreme Court Vacated Court of special appeal of Maryland and remanded for further action, *Benton v. Maryland 395 United States Supreme Court, 784 (1969)*

The Maryland Alliance for Justice reform reports, under reentry coordination assessment, that over 40% of individuals released from Maryland Jail return within three years. (see, <https://www.ma4jr.org/initiatives-2024/>)

This unprecedented recidivism highlights technical errors and skepticism of state of Maryland reentry systems. While it is understandable that errors occur and people make mistake, but everything Dagash Hall, Tony J Andrea did under the covers of the State of Maryland, were done at the behest of this same FBI Agent woman, and were not mistakes at all. But corruption due to their personal gains, which led to chronic systems failures.⁹ I took an honest and definitive stand to live a life of integrity and incorruptible purpose. The journey was not easy but I committed myself to prayer, honest work, faith, discipline, transparency, consistency, faith, endurance and truth.

9. There is a current smear campaigns by this same FBI Agent woman, alleging they have ruled their violations as errors for their parts and therefore have fix their errors. I never ever ask them for any help. They have committed multitude of unforgettable and atrocious crimes. I, Yannick Bopda and the people do not recognize, they have fix anything; Only, this esteemed Court possess the supreme power to restore us.

Today, I have earned the trust of the people and the community-at-large. I am a changed man, firmly committed to a path of excellence, positive contribution and incorruptible purposes. Everything Dagash Hall and Tony J Andrea under the cover of the state of Maryland Central Collection did to inflict against me, does not in anyway represent me. I have never ever asked for help to the same FBI Agent woman. I have never ever entered into any agreement with the FBI. I am not associate nor do I work for the FBI in any way. My field and background are in healthcare/medicine and mental health; I do not seek to work for the FBI in any capacity. However, I seek to remain in my field because all of my degree's, which includes professional degrees are in Healthcare/Medicine and Mental Health. Please restore me. Please restore my standing's. I am innocent.

Acknowledge, right before, I initially filed this petition on 3/25/2026, I received a work offer from 21st Century, without interviewed they hired me; when they noticed i included that 21st century fake employment work offer, they back

Down with the offer. This is one additional clear example, of them unlawfully interfering with my employment opportunities, and crippling my finances.

We kindly imploring this esteemed Court, to read, from 'ECF/CM 18' through 'ECF/CM 49,' *Bopda v. Federal Bureau of Investigation Et Al. case: 1:25-cv-03425 for clarity and visibility purposes.*

CONCLUSION

In the words of Council Member Calvin Hawkins, Prince George's County Maryland, *"some people, even with all I have achieved, they still look, and criticize, and don't trust me, a sentence that ended in 1989."* (April 2025)

In the words of Governor Moore, Maryland, *"we have got to confront this myth that every sentence needs to be a life sentence."* (April 2025) This esteemed Court have the supreme Power to restored my standing or our standing's.
