

No. 26-73

IN THE
Supreme Court of the United States

Intel Corporation, Google LLC,
Petitioners,
v.

John A. Squires, Under Secretary of Commerce for
Intellectual Property and Director of the United
States Patent and Trademark Office,
Respondent.

On Petition for a Writ of Certiorari to the
United States Court of Appeals
for the Federal Circuit

**CERTIFICATE OF COMPLIANCE
WITH WORD COUNT FOR BRIEF OF TEODOR
HOLMBERG AS *AMICUS CURIAE* IN SUPPORT OF
PETITIONER**

Teodor James Holmberg
Counsel of Record

Counsel for Amicus Curiae

August 17, 2026

**CERTIFICATE OF COMPLIANCE
WITH WORD COUNT**

Pursuant to Supreme Court Rule 33.1(h), I certify that the accompanying **BRIEF OF TEODOR HOLMBERG AS *AMICUS CURIAE*** IN SUPPORT OF **PETITIONER** complies with the word limitation of Rule 33.1(g)(x), *i.e.*, 6,000 words. More specifically, I certify the following page count breakdown, which relies upon the Microsoft Word word processing system used to prepare the brief and set to include footnotes in the automatic word count—

Total words on pages 1-26, excluding the title page, the Questions Presented on page *i*, the Table of Contents, the Table of Authorities, and the listings of counsel pursuant to Rule 33.1(d) is:

5,965 words

Subtraction of verbatim statutory quotes of 35 U.S.C. §§314(a) and (d) on page 7 and 35 U.S.C. §315(b) on page 18 pursuant to Rule 14.1(f):

-221 words

Total effective words:

5,744 words

It is believed that the subtraction under Rule 14.1(f) is applicable here; however, if not, the word count is still within the limit.

DATED: August 17, 2026
