No. 25-7444

IN THE SUPREME COURT OF THE UNITED STATES

Anwar A. Aalaam,
Petitioner,

v.

MOVEMENT MORTGAGE, LLC, et al.,
Respondents.

APPLICATION FOR A TWENTY-FIVE-DAY EXTENSION OF TIME TO COMPLY WITH THE COURT'S OCTOBER 5, 2026 ORDER

October 19, 2026

Scott S. Harris, Clerk
Supreme Court of the United States
1 First Street, NE
Washington, DC 20543

Re: Anwar A. Aalaam v. Movement Mortgage, LLC, et al., No. 25-7444

Dear Mr. Harris:

I respectfully submit this application requesting a twenty-five (25) day extension of time, from October 26, 2026, through **November 20, 2026**, to comply with this Court's October 5, 2026 Order denying my motion for leave to proceed *in forma pauperis* and directing payment of the docketing fee required by Rule 38(a) and submission of a petition complying with Rule 33.1.

This request is made in good faith and is based on unforeseen medical, residential, and financial circumstances that have materially affected my ability to complete the required preparations within the time presently allowed.

RECEIVED
OCT 28 2026
OFFICE OF THE CLERK
SUPREME COURT, U.S.

First, ongoing illness and mold exposure. My household has been experiencing significant mold contamination associated with the HVAC vents and other areas of our residence. Within the past thirty (30) days, I have sought medical attention at urgent care on two separate occasions and have also required treatment at the Salisbury VA hospital emergency department.

During this period, I have experienced bronchitis, extreme fatigue, nonspecific dermatitis, and eczema associated with the mold exposure in my residence. These conditions have required medical evaluation and treatment, including prescription medications provided through urgent care and the Department of Veterans Affairs hospital.

The combination of respiratory illness, persistent fatigue, and dermatological symptoms has substantially interfered with my physical well-being, daily responsibilities, and ability to concentrate on the extensive preparation necessary to comply with the Supreme Court's specialized booklet-format requirements under Rule 33.1.

Second, temporary displacement and household disruption. While the mold conditions are being addressed, my family and I have been moving back and forth between our residence and my mother-in-law's home to limit exposure. These temporary living arrangements have complicated access to my documents, equipment, and the stable working environment needed to prepare and coordinate a compliant filing.

The mold contamination was not limited to the HVAC vents. Additional mold was discovered in the kitchen beneath our refrigerator, resulting from a previously unknown refrigerator leak. Addressing that condition required me to purchase a replacement refrigerator and replace the affected kitchen flooring.

Mold was also discovered in my son's bedroom due to a previously unknown leak associated with a windowsill. The resulting damage required replacement of the flooring in that bedroom as well.

In addition, mold contamination was identified within the home's HVAC ductwork, requiring professional cleaning, mold remediation, and measures intended to prevent continued microbial growth. I have had to arrange for cleaning of the ventilation system, mold-treatment services, and a UVC lighting system for the HVAC equipment.

The existing ductwork presents an additional concern because the individual duct lines serving the rooms are older and contain mesh wiring on the inside and some insulation. I believe these aging components have contributed to conditions permitting mold buildup. I must obtain an additional professional estimate to determine the cost of replacing the individual duct lines throughout the residence. This potential replacement represents another substantial and presently unquantified household expense.

These separate and unexpected household conditions have required significant time, attention, and financial resources to address, particularly while attempting to protect my family's health and maintain suitable living arrangements.

Third, unexpected financial burdens. Addressing the mold conditions has caused significant unanticipated household expenses. Those expenses include the purchase of a replacement refrigerator ($1,000 Lowe's floor display model which was on discount due to scratches and dents), replacement of flooring in both the kitchen and my son's bedroom (Roughly $500 for the flooring and vapor barrier), necessary remediation and household repairs, and medical-related expenses arising from the illnesses and exposure.

These financial burdens are further documented by an October 9, 2026 written estimate from Carolina Duct & Crawl LLC, Estimate No. EST1933, reflecting **$1,640.14 in estimated HVAC mold-remediation and prevention expenses**.

The estimate specifically identifies mold remediation within the HVAC supply main trunk line, treatment of the duct system to address mold and spores, and installation of a UVC lighting system intended to reduce future microbial growth. The stated total reflects the contractor's listed discounts and applicable tax.

Moreover, this estimate does not include the potential cost of replacing the older individual duct lines serving the rooms throughout the residence. I am in the process of obtaining an additional estimate for that work. Consequently, the full

expense of correcting the underlying ventilation conditions remains uncertain and may substantially exceed the amount already estimated.

These HVAC-related costs are in addition to the expenses for replacing the refrigerator and damaged flooring in the kitchen and my son's bedroom. The simultaneous occurrence of multiple mold-related problems, necessary household repairs, medical treatment, and temporary relocation has placed an extraordinary and unforeseen burden on my limited household financial resources.

At the same time, compliance with Rule 33.1 requires payment of the $300 docketing fee and expenditures for professional-quality booklet printing, required paper and binding, multiple copies, and postage or delivery. These combined expenses have created a temporary financial hardship.

The required submission involves forty (40) professionally formatted booklet copies, an additional unbound copy where required, and service upon the respondents. The costs associated with producing and transmitting these materials, when combined with the unexpected repairs and medical circumstances, have substantially affected my ability to comply within the present deadline.

Fourth, forthcoming VA payment and ability to comply. I expect to receive my next Department of Veterans Affairs benefits payment in approximately one week. That payment will assist me in paying the $300 docketing fee and obtaining the materials, printing services, and postage needed to satisfy the Court's filing

requirements. The requested extension will permit me to use those funds and complete the necessary arrangements.

I recognize the importance of complying with the Court's Rules and orders. I am not seeking reconsideration of the October 5, 2026 Order through this application, nor am I attempting to delay these proceedings unnecessarily. I remain committed to prosecuting my petition and complying with the Court's instructions.

The additional time requested is reasonably necessary in light of the medical treatment I have received, ongoing household displacement, extensive unforeseen repair and HVAC remediation expenses, pending evaluation of additional ductwork replacement, and specialized printing and filing requirements imposed by Rule 33.1. I respectfully submit that these circumstances constitute good cause for a limited extension that will allow me to complete the required submission in an orderly and compliant manner.

Accordingly, I respectfully request that the allotted Circuit Justice grant an additional twenty-five (25) calendar days, extending the deadline through November 20, 2026, within which to pay the Rule 38(a) docketing fee and submit the petition in the format required by Rule 33.1.

Thank you for your consideration.

Respectfully submitted,

Anwar Aalaam

No. 25-7444

IN THE SUPREME COURT OF THE UNITED STATES

Anwar A. Aalaam,
Petitioner,

v.

MOVEMENT MORTGAGE, LLC, et al.,
Respondents.

PROOF OF SERVICE

Declaration Pursuant to Supreme Court Rule 29.5(c) and 28 U.S.C. § 1746

I, Anwar A. Aalaam, Petitioner appearing pro se in the above-captioned proceeding, hereby declare as follows:

1. I am the Petitioner in this proceeding, am over eighteen years of age, and have personal knowledge of the facts stated herein.
2. On October 19, 2026, I served a true and correct copy of my **Application for a Twenty-Five-Day Extension of Time to Comply with the Court's October 5, 2026 Order**, together with its supporting Exhibit A, upon counsel for the Respondents identified below.
3. Service was accomplished by depositing a copy of the foregoing documents with the United States Postal Service by **Certified Mail, postage prepaid**, addressed to the following counsel:

Counsel for Respondent Movement Mortgage, LLC

Thomas G. Hooper
Baker, Donelson, Bearman, Caldwell & Berkowitz, P.C.
101 South Tryon Street, Suite 3600
Charlotte, North Carolina 28280
Telephone: (980) 256-6290
Email: thooper@bakerdonelson.com

USPS Certified Mail Tracking No.: 9589 0710 5270 3677 5678 80

Counsel for Respondent U.S. Bank National Association, as Trustee for GNMA REMIC Trust 2021-154

Joshua H. Threadcraft
Burr & Forman LLP
420 North 20th Street, Suite 3400
Birmingham, Alabama 35203
Telephone: (205) 458-5132
Email: jthreadcraft@burr.com

USPS Certified Mail Tracking No.: 7022 2410 0001 2908 5702

4. An electronic copy of the application and accompanying exhibit was also transmitted to the above-listed counsel at their respective email addresses on October 19, 2026, in accordance with Supreme Court Rule 29.3.

5. I declare that all parties required to be served with this application have been served in the manner described above, in accordance with Supreme Court Rule 29.

UNSWORN DECLARATION UNDER PENALTY OF PERJURY

Pursuant to 28 U.S.C. § 1746, **I declare under penalty of perjury that the foregoing is true and correct.**

Executed on October 19, 2026.
