Kofi Obeng --- Petitioner.

Vs.

Copart Inc. --- Defendant.

MOTION TO DIRECT THE CLERK TO FILE THE PETITION OUT-OF-TIME.

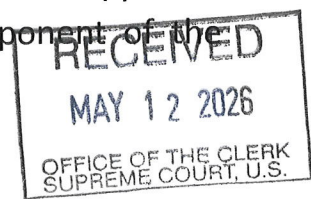

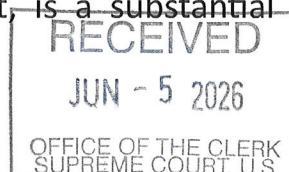

The question is to why the Northern District Court in Dallas did not hear a cause of action in my case on subject matter jurisdiction?

The two primary sources of the subject matter jurisdiction for the Federal courts are diversity jurisdiction and federal questions jurisdiction.

Diversity jurisdiction generally permits individuals to bring claims in federal court where the claim exceed \$75,000.00 and the parties are citizens of different states. See 28 U. S. C. 1332. A federal court would have subject matter jurisdiction on that claim.

The other one is: Federal question jurisdiction permit an individual- regardless of the value of the claim to bring a claim to federal court if it arises under federal law including the U. S constitution. See U. S. C 1331.

Federal question jurisdiction requires that, the federal question appears on the face of a well pleaded complaint, is a substantial component of the

complainant's claim and is of significant federal interest. Federal question subject-matter jurisdiction is frequently derived from federal status granting a cause of action to parties who have suffered a particular injury.

Having all these inclusion, I humbly ask that. the relief sought must be granted.

Sincerely,

/S/Kofi Obeng.
