This historical walk, designed as a loop, begins and ends at the intersection of Church and Washington Streets, the northeast corner of Tucson's historic presidio. The complete walk (about 2 1/2 miles in length) takes 1 1/2 to 2 hours, but it can, of course, be done in segments, beginning and ending wherever you like.

More than 50 restaurants are within a few blocks of the walk, providing plenty of opportunities for lunch or a break. Most of the sites on the tour are marked with historical plaques that provide additional information.

Enjoy this walk through the heart of our city, which has expanded far from the adobe fort that was its beginning.
