Change Your Profile Settings

Listen

Your Member Profile contains the personal information you provided at registration (such as your name, age, email address, etc.). You can change or delete any of this information at any time. Here's how.

[View and Edit Your WebMD Member Profile](#)

This information will help us personalize various areas of WebMD with content that is relevant to you. It will also help us understand the types of people who use WebMD. Here you can update your email address and specify whether you'd like us to send you customized health information newsletters, whether you'd like to be contacted with information from our partners and sponsors, and whether you'd like information on participating in clinical trials.
