Mr. Gray:

The Special Master requests that the United States submit a post-trial amicus brief addressing specifically the issue of the Army Corps of Engineers' operations in the ACF River Basin. The Special Master understands that the United States has received daily copy of the trial transcript, and received copies of all pre-filed direct testimony (including testimony relating to the operations of the Corps) in October. The Special Master requests that the brief be submitted two weeks after the close of trial.

Thank you.
