**FIRST ACCOUNTING OF THE STATE OF  
LOUISIANA REQUIRED BY THE  
SUPPLEMENTAL DECREE RENDERED ON  
JUNE 16, 1975**

The State of Louisiana hereby renders the first account required by this Honorable Court's decree of June 16, 1975 (hereinafter "1975 Decree"), as follows:

**1**

There have been no sums of money derived by the State of Louisiana since June 5, 1950, from or on account of any of the lands, minerals or resources described in paragraph 1 of the 1975 Decree for which accounting is now required, except as reported in the following paragraphs.

**2**

Sums derived by the State of Louisiana since June 5, 1950, from mineral leases lying wholly<sup>1</sup> within the

---

<sup>1</sup> The second subparagraph of paragraph 7 of the 1975 Decree provides that "Funds from split leases [i.e. leases

area described in paragraph 1 of the 1975 Decree (excluding "Zone 1" as described by the October 12, 1956 Interim Agreement, as amended) are the subject of the account shown as Exhibit A. The total is \$1,509,367.26. Of this sum \$430,549.76 was previously accounted for on February 25, 1966 pursuant to the supplemental decree rendered December 13, 1965.

Sums received by the State of Louisiana since June 5, 1950, from mineral leases lying wholly within "Zone 1," as described by the October 12, 1956 Interim Agreement, as amended, and wholly within the area described in paragraph 1 of the 1975 Decree are the subject of Exhibit B. The total is \$2,110,565.56. These sums are reported for information only and do not represent any sums due by the State of Louisiana to the United States, nor to any third persons, and are not to be included in determining the net balance as provided by paragraph 6(c) of the 1975 Decree.

---

affecting areas partly landward and partly seaward of the 3-mile projection] not accounted for and paid pursuant to the preceding sentence [relating *only* to impounded funds] shall be the subject of the accounting to follow the next decree." Accordingly, since this account relates solely to sums not impounded under the 1956 agreement, data is reported only as to leases wholly within the area described in paragraph 1 of the 1975 Decree. Funds from split leases not previously accounted for and not impounded pursuant to the 1956 Interim Agreement, as amended, will be the subject of a later accounting.

**3**

**4**

Sums received by the State of Louisiana for severance taxes subsequent to June 5, 1950, attributable to mineral leases which are located wholly<sup>2</sup> within the area described in paragraph 1 of the 1975 Decree are shown on Exhibit C. The amount is \$370,-179.08. These sums are reported for information only and do not represent any sums due by the State of Louisiana to the United States, nor to any third persons, and are not to be included in determining the net balance as provided by paragraph 6(c) of the 1975 Decree.

**5**

Dual payments are shown on Exhibit D. Such payments to Louisiana amount to \$1,605,416.19. This exhibit is furnished and filed for information only and does not represent any sums due by the State of Louisiana to the United States, nor to any third person, and is not to be included in determining the net balance as provided by paragraph 6(c) of the 1975 Decree.<sup>3</sup>

**6**

Payment for pipeline rights of way, which are applicable to the area described in paragraph 1 of the 1975 Decree, totals \$1,259,585.15. Of this sum a total of \$1,008,157.37 has been deposited in escrow by

<sup>2</sup> See Footnote 1, infra.

<sup>3</sup> Some of the information reported in Exhibit D has been heretofore reported in Exhibit E of the account of the State of Louisiana filed in February 25, 1966.

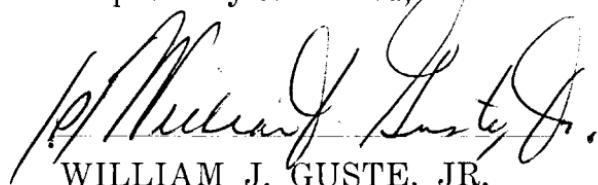

the Register of the State Land Office, Escrow Agent, pursuant to La. Act 29 of 1964, La. R.S. 41:1174, as is shown in Exhibit E. The sums which were not deposited in escrow pursuant to La. Act 29 of 1964, La. R.S. 41:1174, total \$251,427.78 and are shown in Exhibit F. None of the sums shown on either Exhibit E or Exhibit F have been impounded under the Interim Agreement of October 12, 1956, as amended. The sums reported in Exhibit F are reported for information only, do not represent any sums due by the State of Louisiana to the United States nor to any third persons, and are not to be included in determining the net balance as provided by paragraph 6(c) of the Decree. Exhibit E reflects the net amount currently due to third persons as a result of escrow agreements which were entered into between the State of Louisiana and third persons. The total is \$158,543.50.

For the Court's information, we note that by tacit agreement between the State and the United States and pursuant to authority contained in the Outer Continental Shelf Lands Act, Public Law 212, 83rd Congress, 1st Sess., 67 Stat. 462, Section 5, the Commissioner of Conservation of the State of Louisiana has regulated drilling operations throughout all areas defined in the Interim Agreement of October 12, 1956, as amended, and has charged various fees, including fees for drilling permits, public hearings, applications to commingle production, applications for approval of automatic custody transfer of oil and the

like. These fees do not become a part of the general treasury of the State but are dedicated by law to the Department of Conservation to defray administrative expenses incident to regulation. The State of Louisiana has never considered these fees as revenue attributable to land but as charges attributable to regulatory services. Therefore, the State of Louisiana does not view these fees as items which the State of Louisiana is obligated to account for under paragraph 6(a) of the 1975 Decree. The United States recognizes that an accounting is not due for such fees.

The State of Louisiana submits this first accounting as a full and complete disclosure as required by the 1975 Decree. Nothing in this accounting shall be construed to prejudice any rights, claims or defenses of the State of Louisiana against the United States or any third person; furthermore, the reservation of rights contained in paragraph 13 of the 1975 Decree is expressly included and reiterated herein. The amounts reported in each of the foregoing paragraphs do not include any interest thereon. Failure of the State of Louisiana to include interest in this accounting is in no sense a waiver of the State of Louisiana's claim to interest on impounded funds. The State of Louisiana expressly reserves its right to assert that claim in appropriate proceedings. In the event that Louisiana prevails in its interest claim, Louisiana admits its obligation to pay interest on similarly impounded funds.

Respectfully submitted,

WILLIAM J. GUSTE, JR.

- (1) Block number references are to indicate, merely for convenience only, the offshore block in which the lease area is believed to be located. It does not necessarily indicate that the entire block is affected by the lease. The references are not intended to control over more precise area descriptions in the lease documents or amendments thereto.
- (2) All sums here reported were received in 1950, after June 5, 1950, with the exception of State Lease 1090, which had rentals paid to the State in 1950, 1953 and 1954. Revenues were received on many of these leases after 1950, but all of these receipts were dual payments. See Exhibit E.

1/ Data as to OCS lease numbers 034 and 260 which may be within the area described in Paragraph 1 of the 1975 decree is not reported in this exhibit because discrepancies in the acreage information between the OCS lease numbers and corresponding state lease numbers make accurate reporting impossible until such time as these discrepancies are resolved.
